Commissioner Susan Voss  
NAIC President  
Iowa Division of Insurance  
330 Maple Street  
Des Moines, Iowa 50319

Dear Commissioner Voss:

As president of the National Conference of Insurance Legislators—and in line with NCOIL Treasurer Rep. Greg Wren's remarks yesterday at the U.S. House Committee on Financial Services Subcommittee on Insurance, Housing and Community Opportunity's hearing—I am writing you in an effort for our mutual organizations to reach common ground on surplus lines regulatory reform.

Because Congresswoman Biggert has suggested that the NAIC work with NCOIL on SLIMPACT as a unified response to the NRRRA, NCOIL is asking you, as we did early on in SLIMPACT development, to find a common ground in SLIMPACT. As you can remember, responding to regulator concerns that SLIMPACT was overly prescriptive, NCOIL slimmed down SLIMPACT language by deleting certain uniform standards. Another concern expressed by NAIC regulators that SLIMPACT would not be functional soon enough has been put to bed—as SLIMPACT has nine members and counting.

Commission representatives have developed bylaws and a rule for rulemaking, and are now honing in on an allocation method upon which all interested parties, including the NAIC, can agree. The Counsel of State Government (CSG) has offered its renowned National Center for Interstate Compacts as a means of housing and facilitating SLIMPACT Commission operations.

The compact's uniform standards respond to NRRRA intent to simplify and streamline the surplus lines regulatory process and protect the surplus lines consumers in our states. SLIMPACT uniform foreign eligibility requirements will prohibit undercapitalized foreign insurers from selling surplus lines insurance to state insurance consumers. The SLIMPACT uniform policyholder notice will ease the costly administrative burdens tied to issuing up to 51 different state-mandated policyholder notices.

As promised by Rep. Wren yesterday, NCOIL will make every effort to work with the NAIC to achieve synergy in responding to Congress's desire to unburden and streamline the surplus lines regulatory system. We look forward to your response and to further communications with the NAIC in the near future. We would like to go back to Congress in or before its fall hearing with good news about state surplus lines regulatory reform.

Best regards,

Rep. George Keiser (ND)  
NCOIL President
