(with Drafting Note)**

Adopted by the NCOIL Executive Committee on November 24, 2013, and by the Workers' Compensation Insurance Committee on November 21, 2013. Sponsored for discussion by Rep. Bill Botzow (VT)

Re-adopted by the NCOIL Workers' Compensation Insurance Committee on July 13, 2018 and the NCOIL Executive Committee on July 15, 2018

Section 1. Purpose

The purpose of this Act is to establish a state definition of "public employment" that affords eligibility for workers' compensation insurance benefits when a volunteer firefighter performs firefighter-related duties that are not directly emergency response; mandates reporting of rosters and hours; and requires use of updated minimums for annual payroll.

Section 2. Short Title

This Act shall be known as the "Model Act on Workers' Compensation Coverage for Volunteer Firefighters."

Section 3. Definition of Public Employment*

"Public employment" includes the following:

- A. municipal workers, including volunteer firefighters while acting in any capacity under the direction and control of the fire department
- B. members of any regularly organized private volunteer fire department while acting in any capacity under the direction and control of the fire department

Drafting Note: The placement of the definition of "volunteer firefighter" will differ depending on the state law.

Section 4. Reporting of Rosters/Hours

- A. The State Fire Marshal shall create a process to receive a roster of volunteer firefighter personnel on an annual basis. The roster must be submitted by the designated time, from each volunteer fire district in the state.

B. The roster shall include individual names and corresponding individual “total hours worked” for each volunteer firefighter.

C. “Total hours worked” means the total number of hours of each volunteer firefighter while acting in any capacity under the direction and control of the fire department.

D. Rosters collected by the State Fire Marshal shall be certified upon receipt and shall be made available to insurance carriers licensed to write workers compensation programs in this state or their designees upon request.

Section 5. Review of Minimum Payroll Basis

Notwithstanding any other provision of law, after review of losses and premium for volunteer firefighters in the state, every five years the Commissioner of Insurance shall prepare a regulation that will establish the minimum annual payroll per volunteer firefighter for the purpose of setting workers’ compensation rates for the departments.

Section 6. Enforcement

The [insert applicable state agency] shall have enforcement authority as provided under [insert applicable statute].

Section 7. Effective Date

This Act shall take effect [insert months] after enactment.

* Based on Vermont S. 106, signed by Governor Peter Shumlin on May 16, 2012.

DRAFTING NOTE & APPENDICES

DRAFTING NOTE:

A state may wish to identify a funding source for volunteer firefighter workers’ compensation insurance. Approaches that states have employed or considered include:

A. Private market mechanisms

1. Private insurers participate in an assigned risk pool that provides volunteer firefighter workers’ compensation coverage. (Vermont)

B. State-based mechanisms

1. Volunteer fire departments may obtain workers’ compensation insurance for volunteer firefighters through a group insurance pool administered by a state’s non-profit workers’ compensation insurance provider, and the state contributes \$55 per firefighter per year to help defray premium costs, up to an annual state maximum for such expenditures. (Oklahoma: see Appendix 1, pages 1 to 2)

C. Subsidies

1. A \$5 million premium subsidy fund, housed within a state auditor’s office, helps to defray expected increases in premium costs for volunteer fire departments. (West Virginia: see Appendix 2, pages 3 to 4)

D. Surcharges

1. Coverage is purchased with a fee that each political subdivision pays based on a fixed-dollar value per ____ number of people served in a district. (North Dakota)

2. A state imposes a two percent tax on fire insurance premiums, which the state fire marshal uses to buy a single policy that covers all volunteer firefighters in the state, among other purposes. (Louisiana: see Appendix 3, pages 5 to 7)

E. Tax levies

1. Each county governing body would establish a special revenue fund, financed with a new county tax levy, to reimburse volunteer firefighter departments for their workers' compensation insurance premium costs. (Montana SB 54: see Appendix 4, pages 8 to 9)

APPENDIX 1 – STATE-BASED MECHANISM

Oklahoma

§85-132a. Workers' compensation insurance – Volunteer firefighters.

A. 1. Except as otherwise provided by subsection D of this section, the total amount paid by the state shall not exceed Three Hundred Twenty Thousand Three Hundred Thirty-eight Dollars (\$320,338.00) per year or so much thereof as may be necessary to fund the Volunteer Firefighter Group Insurance Pool.

2. CompSource Oklahoma shall collect the premium from state agencies, public trusts and other instrumentalities of the state. Any funds received by CompSource Oklahoma from any state agency, public trust, or other instrumentality for purposes of workers' compensation insurance pursuant to this section shall be deposited to the credit of the Volunteer Firefighter Group Insurance Pool. CompSource Oklahoma shall collect premiums, pay claims, and provide for excess insurance as needed.

B. CompSource Oklahoma shall report, annually, to the Governor, the Speaker of the Oklahoma House of Representatives, and the President Pro Tempore of the State Senate the number of enrollees in the Volunteer Firefighter Group Insurance Pool, and the amount of any anticipated surplus or deficiency of the Pool; and shall also provide to the Governor, the Speaker of the Oklahoma House of Representatives and the President Pro Tempore of the State Senate sixty (60) days advance notice of any proposed change in rates for the Volunteer Firefighter Group Insurance Pool.

C. The amount of claims paid, claim expenses, underwriting losses, loss ratio, or any other financial aspect of the Volunteer Firefighter Group Insurance Pool shall not be considered when determining or considering bids for the amount of any premiums, rates, or expenses owed by, or any discounts, rebates, dividends, or other financial benefits owed to any other policyholder of CompSource Oklahoma.

D. Except as otherwise provided by law, any increase in the state payment rate for volunteer firefighters under the Volunteer Firefighter Group Insurance Pool shall not exceed five percent (5%) per annum. Any proposed change in rates for the Volunteer Firefighter Group Insurance Pool must be approved by the Board of Managers of CompSource Oklahoma with notice provided pursuant to subsection B of this section. CompSource Oklahoma shall not increase premiums for the Volunteer Firefighter Group Insurance Pool more than once per annum.

E. For purposes of this section, the term —volunteer fire departments includes those volunteer fire departments which have authorized voluntary or uncompensated workers rendering services as firefighters and are created by statute pursuant to Section 592 of Title 18 of the Oklahoma Statutes, Sections 29-201 through 29-205 of Title 11 of the Oklahoma Statutes, and those defined by Section 351 of Title 19 of the Oklahoma Statutes.

APPENDIX 2 – SUBSIDIES

West Virginia

§12-4-14a. Workers' Compensation Subsidy for Volunteer Fire Departments; creation of program;
Auditor to administer.

(a) For the purposes of this section:

(1) "Fiscal year" means the fiscal year of the state.

(2) "Individual base year premium" means the workers' compensation insurance premium that became due and payable by a volunteer fire department after June 30, 2010 but before July 1, 2011.

(3) "Individual premium" means the workers' compensation premium due and payable by a volunteer fire department in each twelve month period beginning on or after July 1, 2011.

(4) "Total base year premium" means the aggregate workers' compensation insurance premium due and payable by all volunteer fire departments as determined by the Insurance Commissioner after June 30, 2010 but before July 1, 2011.

(5) "Total premium" means the aggregate workers' compensation insurance premium due and payable by all volunteer fire departments in each twelve month period beginning on or after July 1, 2011.

(b) In recognition of the burden of increasing workers' compensation insurance premiums on volunteer fire departments, the Legislature has determined that additional funding assistance should be made available to eligible departments to pay a portion of those premium increases beginning with invoices due and payable on or after July 1, 2011.

(c) There is hereby established a special program which shall be known as the "Volunteer Fire Department Workers' Compensation Subsidy Program." The program shall be administered by the State Auditor from moneys that may be appropriated and designated for the program by the Legislature.

(d) The State Auditor shall administer the distribution of moneys appropriated for Volunteer Fire Department Workers' Compensation Subsidy Program to volunteer fire departments to help defray workers' compensation insurance premium increases.

(1) Volunteer fire departments shall request supplemental funds by submitting to the Auditor the following information:

(A) The previous fiscal year's workers' compensation premium invoices with paid receipts;

(B) The current fiscal year's workers' compensation premium invoices showing the amount due and due date and any applicable paid receipts; and

(C) Any other information the Auditor deems necessary for administering the subsidy on forms and schedules as the Auditor directs. The Auditor is authorized to set up an electronic filing system at his or her discretion for filing of the aforementioned information.

(2) After determining that there is a premium increase and the amount of the premium increase for the volunteer fire department requesting the subsidy, the Auditor shall make disbursements in the manner set forth in subsection (e) of this section subject to the following requirements:

(A) The volunteer fire department must be in good standing with the State Fire Marshal;

(B) The volunteer fire department must be registered with the Auditor's Office in a form and manner prescribed by the Auditor prior to being eligible for consideration of any subsidy, which registration must be completed no fewer than thirty days prior to the due date of the workers' compensation premium;

(C) The volunteer fire department must agree that the subsidy for its workers' compensation insurance premium increase will be paid directly to its insurance carrier by the Auditor and that it will timely pay the balance of the premium due; and

(D) Should a volunteer fire department fail to pay the balance of its workers' compensation insurance premium after a disbursement by the auditor and that insurance policy is subsequently cancelled, the premium paid by the Auditor shall be returned directly to him or her. If the Auditor does not receive a reimbursement for a cancelled policy, he or she shall seek reimbursement for the subsidy portion of the insurance premium from the State Treasurer when the treasurer makes the next quarterly payment to the volunteer fire department pursuant to sections thirty-three and fourteen-d, article three, chapter thirty-three of this code.

(e) Beginning with the fiscal year that starts July 1, 2011, and continuing in each fiscal year thereafter, after the Auditor has verified that a volunteer fire department is eligible for a subsidy pursuant to this section, he or she shall pay on behalf of a volunteer fire department its subsidy, which is calculated by:

(1) Dividing the total amount of premium subsidy allocated by the Legislature to the Volunteer Fire Department Workers' Compensation Subsidy Program by the total premium minus the total base year premium, which calculation produces the "total shortfall multiplier"; and

(2) Multiplying the total shortfall multiplier determined in subdivision (1) of this subsection by the individual premium less the individual base year premium.

(3) In no event shall a volunteer fire department receive a workers' compensation premium subsidy greater than one hundred percent of its premium increase.

(f) For fiscal years after July 1, 2011, the Auditor shall consult with the Insurance Commissioner to determine the total amount of workers' compensation premium due by volunteer fire departments for any subsequent fiscal year. The Auditor may determine payment dates based upon information reasonably available for such a determination.

(g) The Auditor may promulgate emergency rules and may propose for promulgation legislative rules, in accordance with the provisions of article three, chapter twenty-nine-a of this code, as are necessary to provide for implementation and enforcement of the provisions of this section.

(h) The volunteer fire departments' workers' compensation premium subsidy program shall undergo a review to assess its effectiveness after three years of operation. The Auditor shall submit a report to the Joint Committee on Government and Finance not later than February 1, 2015, and provide details of the program operation including funds distributed and departments taking advantage of the subsidy.
