#### **Section 1. Title**

This Act shall be known as the [State] Rebate Reform Model Act.

#### **Section 2. Purpose**

The purpose of this Act is to modernize state anti-rebate statutes and regulations so that they recognize new products being offered by the insurance industry and maintain necessary consumer protections.

#### **Section 3. Permissible Gifts and Prizes**

Notwithstanding any other provision in the insurance code of [this state], an insurer, an employee of an insurer or a producer may:

- (A) offer to give gifts in connection with marketing for the sale or retention of contracts of insurance, as long as the cost does not exceed [\$250] per year per person; and

(B) conduct raffles or drawings, as long as there is no participation cost to entrants and as long as the prizes are not valued in excess of [\$500].

Pursuant to this section, gifts and prizes given may not be in the form of cash.

*Drafting Note: States may wish to alter the financial limitations set forth in this section depending upon each state's economic environment.*

#### **Section 4. Permissible Value-Added Service or Activity**

An insurer, by or through its employees, affiliates, insurance producers or third-party representatives, may offer or provide products or services that relate to, or in conjunction with, a policy of insurance for free or at a discounted price that are exclusively intended to educate about, assess, monitor, control or prevent risk of loss to persons, their lives, health or property. The offer or provision of products or services in this subsection are exempt from the prohibitions set forth in [insert applicable citation].

#### **Section 5. Services for Free or for Less than Market Value**

This section does not prohibit a person from offering or providing services, as long as the services are at least tangentially related to an insurance contract or the administration thereof, for free or for less than fair market value as long as the receipt of the services is not contingent upon the purchase of insurance and the services are offered on the same terms to all potential insurance customers. A person that offers or provides services under this subsection for free or for less than fair market value shall disclose conspicuously in writing to the recipient before the purchase of insurance, receipt of a quote of insurance for insurance or designation of an agent of record that receipt of the services is not contingent on the purchase of insurance.

#### **Section 6. Rules**

The commissioner may adopt rules as necessary to make reasonable modifications to the standards in this Act. Additionally, the commissioner is expressly authorized to increase, by rule, the explicit financial limitations set forth in Section 3 so as to keep those limits relevant consistent with changing economic times.

*Drafting Note: "Commissioner" may be replaced with the title of the state's chief insurance regulatory officer.*

#### **Section 7. Effective Date**

This Act is effective immediately.
