Section 4. Renewal and Underwriting

- (a) An insurer may require an applicant for coverage under a short term insurance plan to specify, before issuance of the short term insurance plan, the number of renewals the applicant elects.
- (b) After issuance of a short term insurance plan, the insurer may not require underwriting of the short term insurance plan until:
 - (1) all renewal periods elected under subsection (a) have ended; and
 - (2) the covered individual renews the short term insurance plan beyond the periods described in subdivision (1).

Section 5. Coverage Requirements

A short term insurance plan must include coverage for the following:

- (1) Ambulatory patient services;
- (2) Hospitalization;

(3) Emergency services; and

(4) Laboratory services

Section 6. Preferred Provider Plan Requirements

(a) This section applies to an insurer that issues a short term insurance plan and undertakes a preferred provider plan to render health care services to covered individuals under the short term insurance plan.

(b) An insurer described in subsection (a) shall ensure that the preferred provider plan meets the following requirements:

(1) The preferred provider plan includes essential community providers in accordance with PPACA.

(b) An insurer shall obtain the signature of an applicant to whom the disclosures required by subsection (a) are made.
